## SECTION C Descriptions and Specifications

# **Harry S. Truman Dam and Reservoir, Missouri Demolition and Disposal of Former Osceola City Hall Building**

## **Scope of Work**

### **1. Description of Existing Building Condition**

a. The building to be demolished is the old City Hall Building located at the corner of Walnut and 2<sup>nd</sup> Street in Osceola, Missouri. It is now owned by the U.S. Army Corps of Engineers. The building was constructed in 1939 and remodeled in 1947. The Corps purchased the property for construction of Truman Dam in the 1970's. The building was originally utilized as a car dealership and auto repair facility. The Osceola City Hall occupied the building from 1978 to 1998. The site has been vacant since 1998. The City of Osceola has posted the building as a dangerous building and has asked the Corps to remove the building as soon as possible.

b. The building has three sections. The front is two story brick with a basement. The above ground dimensions are 40'x30'x25' and the basement is approximately 10' deep. The second section is a one-story brick building with a partially finished basement. Its dimensions are 40'x30'x15' with a 10' basement. The back section is a one-story block building. The dimensions are 36'x40'x14' and it has no basement. The building is in a state of total disrepair. There are holes in the roof over the brick portion of the building and water has damaged the ceiling and floor of all parts of the brick building. Some of the beams are rotting and sagging as a result of the water damage. There are no known existing plans for the building. Enclosed are hand drawings showing the dimensions of the building and the site layout.

c. The facility contains lead-based paint or lead contaminated dust on most of the interior surfaces of the brick portion of the building and a small amount of friable asbestos tape around the overhead ductwork on the first floor of the brick portion of the building. Environmental Works, Inc performed an Asbestos Inspection and Lead-Based Paint Risk Assessment on the building in June 2000 and June of 2001. They verified that the interior floors, garage doorframe, and windowsills of the brick sections of the building contained lead-contaminated dust above the established hazard levels. The exterior sample was not above the hazard level. Environmental Works, Inc. concluded that all original exposed paint should be treated as a lead hazard to building occupants. They also took ten samples of various parts of the interior of the building, including ceiling and wall plaster, Formica countertops, ceiling tile, insulating tape for the ductwork, and floor linoleum and checked them for asbestos. Two of the samples contained friable asbestos, the linoleum and the ductwork tape. None of the other samples contained detectable concentrations of asbestos. The linoleum asbestos has been removed from the site and properly disposed of. The ductwork tape is still in place, but due to the small quantity (30 linear

feet and 15 square feet) it is not a regulated quantity so it does not need to be abated before demolition. Missouri Department of Natural Resources has confirmed that the asbestos is considered unregulated, as it is under the regulated quantity of 260 linear feet or 160 square feet. Due to the presence of lead-based paint in the brick portion of the structure, the debris from the brick portion will need to be disposed of in a sanitary or demolition landfill. The block portion of the building is lead free and can be disposed of by pushing it into the basement of the brick portion of the building. A copy of the Asbestos Inspection and Lead-Based Paint Risk Assessment is enclosed.

d. The interior of the front two sections includes some wood stud walls covered with painted plaster. The block building is an open garage. The three roof areas are constructed with a wooden deck and we think they have a built-up or rolled asphalt roof. The drawings do not show any roof details. The Contractor shall be responsible for determining if any existing conditions of the roof or building may affect performance of the work and take that into account when presenting a bid. There are several large round interior support columns and wood beams. The floor has a wood deck and wood joists.

e. The Contractor is encouraged to complete a site visit to determine the existing site conditions prior to bidding on the job. The only drawings available for the existing building are the hand-drawings attached.

## **2. Scope of Work.**

1. The Contractor shall supply all equipment, labor, transportation, and materials to demolish and dispose of the old City Hall Building in Osceola, Missouri, now owned by the U.S. Army Corps of Engineers

2. Engineering Survey. All work shall be accomplished in accordance with the U.S. Army Corps of Engineers Safety and Health Requirements Manual, EM 385-1-1. A copy of the manual can be downloaded from our web site or can be requested by contacting Sue Gehrt at 816-983-3635. The link to the manual is <http://www.usace.army.mil/inet/usace-docs/eng-manuals/em385-1-1/toc.htm>. The manual requires that the contractor complete an engineering survey of the structure, by a person experienced and competent in demolition, to determine the structure layout, the condition of the framing, floors, walls, the possibility of unplanned collapse of any portion of the structure (any adjacent structure where employees or property may be exposed shall be similarly checked), and the existence of other potential or real demolition hazards. The manual also requires an asbestos and lead survey that has already been completed by the Government and is not part of this contract.

3. Demolition Plan. The Contractor shall have a competent person, experienced in demolition, prepare a demolition plan that outlines the safe dismantling and removal of all building components and debris. This shall include all aspects of completing the work safely for Contractor employees and for the public. All employees engaged in demolition activities shall be instructed in the demolition plan so they conduct their work activities in a safe manner.

4. Utility Lines. All electric, gas, water, sewer and other services have been shut off to the building. There are live power lines that cross over the back of the block portion of the building. The contractor shall have the phone company remove the phone line from the building and have the power company remove the electric line from the building as well as two power poles adjacent to the building. All utilities serving the building shall be notified of the demolition and lines capped as required to meet utility company requirements. Any gas lines should be demolished and capped in accordance with the American Gas Association's "Guide for the Gas Transmission and Distribution (GTPC).

5. Interior Work. Since the structure has been damaged by storm water, if contract employees need to work within the structure, the walls, ceilings, and floors shall be shored or braced as needed to ensure employee safety.

6. Work Progression. Demolition of floors and exterior walls shall begin at the top of the structure and proceed downward, except for cutting holes in floors for any chutes or for dropping materials, or for preparation of storage space and similar preparatory work. Each story of exterior wall and floor construction shall be removed and dropped into the storage space before commencing the removal of exterior walls and floors in the next story below.

7. Glass Hazard Control. Hazards to anyone from the fragmentation of glass shall be controlled.

8. Protection of Demolition Area. The demolition area shall be fenced off during demolition to prevent unauthorized personnel from entering and to protect the public.

9. Inspection During Demolition. During demolition, continuing inspections by a competent person shall detect hazards resulting from weakened or deteriorated floors, walls, or loosened material. No employee shall be permitted to work where such hazards exist until they are corrected by shoring, bracing, or other means.

10. Debris Removal. Review Section 23 of the U.S. Army Corps of Engineers Safety and Health Requirements Manual for details for safety requirements for demolition.

a. Debris removal shall not be permitted in lower areas until debris handling ceases on the floors above.

b. The storage of waste and debris on any floor shall not exceed the allowable floor loads.

c. No person shall be permitted in any area that can be affected by demolition when balling or clamming is being performed. Only those persons necessary for the operation shall be permitted in this area at any other time.

d. If using a ball, the weight of the demolition ball shall not exceed 50% of the crane's rated load, based on the length of the boom and the maximum angle of operation at which the demolition ball will be used, or it shall not exceed 25% of the nominal breaking strength of the line by which it is suspended, whichever is less.

e. The ball shall be attached to the loadline with a swivel connection to prevent twisting of the loadline and shall be attached by positive means so that the weight cannot accidentally disconnected.

11. Demolition of Brick Portion of Building. The contractor shall demolish the existing brick portion of the building that is above the basement level and haul off all debris to a sanitary or demolition landfill. The basement and foundation does not need to be removed or disposed of. All demolition shall be done to ensure the safety of the public and contract employees. All waste materials are to be disposed of off Government property by the Contractor in accordance with current laws and regulations. Demolition shall be accomplished without damaging the neighboring houses, property or city streets. Haul loads shall not damage city or county roads. Debris should be secured so it does not exit the truck during hauling. Head protection shall be worn at all times by contract employees and site inspectors.

12. Demolition of Block Portion of Building. The contractor shall demolish the block portion of the building and dispose of it in the basement portion of the brick building. The debris shall be spread evenly and then filled with a two-foot cover of clean fill dirt. The fill dirt can be obtained from Harry S. Truman Project lands located 2 miles from the demolition site. All areas must be graded so no local drainage pattern is disrupted. The fill must be scraped evenly from the site (no deep holes are allowed). All borrow and fill areas must be covered with seed (fescue) and mulched.

13. All equipment shall be equipped with the necessary safety devices to prevent accidental damage or injury.

14. The contractor shall have demolition experience. The minimum experience required is 3 previous demolitions of a similar scope. Verification must be submitted at the prework conference.

15. Contractor shall perform all work in accordance with current Occupational Safety and Health Act (OSHA) regulations. All contractor personnel shall wear personal protective equipment when required by OSHA.

16. PREWORK CONFERENCE: After award, but prior to commencement of work, the Contractor shall attend a prework conference at the Harry S. Truman Project Office for the purpose of discussing and developing a mutual understanding of the requirements and details of the work.

17. DOCUMENTS AND CORRESPONDENCE: After award of contract, all documents and related correspondence shall be routed through the Contracting Officer's Representative at the Harry S. Truman Project Office.

18. WORKMANSHIP:

a. The Contractor will designate, in writing, a responsible member of the work crew who shall serve as the point of contact for matters involving quality and performance or nonperformance of the work. The individual, or his designated alternate, shall be on site at all times when work is underway.

b. Day to day contact with government personnel, and telephone communication will normally provide adequate information exchange. The Government reserves the right to schedule meetings at the Harry S. Truman Project Office as necessary to insure strict compliance with terms of this contract. Such meetings will be scheduled, to the extent possible, at mutually convenient times. However, upon notice, the Contractor shall attend meetings regarding matters affecting this contract.

c. All Contractor personnel shall be fully clothed, at all times, while performing these services. "Fully clothed" shall be deemed that a shirt (or T-shirt), trousers and shoes shall be worn at all times. Clothing shall be neat and clean in appearance.

d. Contractor personnel shall utilize tact, diplomacy, and courtesy at all times during contact with the public.

19. PERFORMANCE:

a. In the event the work is not properly completed in accordance with this specification, the Contractor agrees, upon receipt of such notice from the Contracting Officer, or his authorized representative, to immediately return and perform the required steps necessary to meet the contract specifications. Failure to correct noted deficiencies will result in withholding payment for the work not performed.

b. If it becomes apparent to the Government during the Contractor's performance that the required services may not be completed within the time-frames required herein, the Contracting Officer may require the Contractor to provide additional labor and equipment at no additional cost to the Government. Such direction will be issued to insure that the required services will be completed within the timeframe specified.

c. NOTE: Equipment breakdown will not relieve the Contractor of the responsibility of performing the work as specified. It shall be the responsibility of the Contractor that he has, or can obtain on short notice, sufficient backup equipment to continue the services as specified without interruption in the event of mechanical failure of his primary equipment.

20. The Contractor shall submit a bid based on the enclosed bid items.

21. All work shall commence within two weeks of the Government notice to proceed.

22. The Contractor's work will be inspected periodically by Government personnel. The Contractor shall submit certified payrolls and an invoice for payment upon completion of all

services. Upon acceptance of the work the invoice will be processed for payment. All work shall be completed by 30 September 2002.

23. Insurance Coverage. In accordance with FAR 52.228-5 Insurance, Work On a Government Installation, the contractor shall procure and maintain during the entire period of his performance under this contract, the following minimum insurance:

24. Workman's Compensation – Coverage complying with applicable State Statute  
Employer's Liability – Minimum amount of \$100,000.00  
General Liability on Comprehensive Forms of Policy which includes insurance for all work required herein – Minimum amount of \$500,000 per occurrence for bodily injury  
Comprehensive Automobile Liability – minimum limits of \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage.

25. The following documents are attached at the end of this solicitation:

- a. Site drawing
- b. Site drawing
- c. Information from the Asbestos & Lead Assessment Report (Page 1 through Page 6)
- d. Laboratory Report Asbestos Bulk Analysis (Page 1 and Page 2)
- e. Summary - Lead-Based Risk Assessment (Page 1 through Page 8)

## CLAUSES INCORPORATED BY FULL TEXT

## 52.228-5 INSURANCE--WORK ON A GOVERNMENT INSTALLATION (JAN 1997)

(a) The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.

(b) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government's interest shall not be effective (1) for such period as the laws of the State in which this contract is to be performed prescribe, or (2) until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance, and shall make copies available to the Contracting Officer upon request.

(End of clause)

## 52.243-4 CHANGES (AUG 1987)

(a) The Contracting Officer may, at any time, without notice to the sureties, if any, by written order designated or indicated to be a change order, make changes in the work within the general scope of the contract, including changes --

- (1) In the specifications (including drawings and designs);
- (2) In the method or manner of performance of the work;
- (3) In the Government-furnished facilities, equipment, materials, services, or site; or
- (4) Directing acceleration in the performance of the work.

(b) Any other written or oral order (which, as used in this paragraph (b), includes direction, instruction, interpretation, or determination) from the Contracting Officer that causes a change shall be treated as a change order under this clause; provided, that the Contractor gives the Contracting Officer written notice stating

- (1) the date, circumstances, and source of the order and
- (2) that the Contractor regards the order as a change order.

(c) Except as provided in this clause, no order, statement, or conduct of the Contracting Officer shall be treated as a change under this clause or entitle the Contractor to an equitable adjustment.

(d) If any change under this clause causes an increase or decrease in the Contractor's cost of, or the time required for, the performance of any part of the work under this contract, whether or not changed by any such order, the Contracting Officer shall make an equitable adjustment and modify the contract in writing. However, except for an adjustment based on defective specifications, no adjustment for any change under paragraph (b) of this clause shall be made for any costs incurred more than 20 days before the Contractor gives written notice as required. In the case

of defective specifications for which the Government is responsible, the equitable adjustment shall include any increased cost reasonably incurred by the Contractor in attempting to comply with the defective specifications.

(e) The Contractor must assert its right to an adjustment under this clause within 30 days after

(1) receipt of a written change order under paragraph (a) of this clause or (2) the furnishing of a written notice under paragraph (b) of this clause, by submitting to the Contracting Officer a written statement describing the general nature and amount of the proposal, unless this period is extended by the Government. The statement of proposal for adjustment may be included in the notice under paragraph (b) above.

(f) No proposal by the Contractor for an equitable adjustment shall be allowed if asserted after final payment under this contract.

(End of clause)

252.236-7001 CONTRACT DRAWINGS, MAPS, AND SPECIFICATIONS (AUG 2000)

(a) The Government will provide to the Contractor, without charge, one set of contract drawings and specifications, except publications incorporated into the technical provisions by reference, in electronic or paper media as chosen by the Contracting Officer.

(b) The Contractor shall--

(1) Check all drawings furnished immediately upon receipt;

(2) Compare all drawings and verify the figures before laying out the work;

(3) Promptly notify the Contracting Officer of any discrepancies;

(4) Be responsible for any errors that might have been avoided by complying with this paragraph (b); and

(5) Reproduce and print contract drawings and specifications as needed.

(c) In general--

(1) Large-scale drawings shall govern small-scale drawings; and

(2) The Contractor shall follow figures marked on drawings in preference to scale measurements.

(d) Omissions from the drawings or specifications or the misdescription of details of work that are manifestly necessary to carry out the intent of the drawings and specifications, or that are customarily performed, shall not relieve the Contractor from performing such omitted or misdescribed details of the work. The Contractor shall perform such details as if fully and correctly set forth and described in the drawings and specifications.

(e) The work shall conform to the specifications and the contract drawings identified on the following index of drawings:

SCOPE OF WORK

ATTACHMENTS

(End of clause)

## SECTION K Representations, Certifications and Other Statements of Offerors

## CLAUSES INCORPORATED BY FULL TEXT

## 52.204-3 TAXPAYER IDENTIFICATION (OCT 1998)

## (a) Definitions.

“Common parent,” as used in this provision, means that corporate entity that owns or controls an affiliated group of corporations that files its Federal income tax returns on a consolidated basis, and of which the offeror is a member.

“Taxpayer Identification Number (TIN),” as used in this provision, means the number required by the Internal Revenue Service (IRS) to be used by the offeror in reporting income tax and other returns. The TIN may be either a Social Security Number or an Employer Identification Number.

(b) All offerors must submit the information required in paragraphs (d) through (f) of this provision to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d), reporting requirements of 26 U.S.C. 6041, 6041A, and 6050M, and implementing regulations issued by the IRS. If the resulting contract is subject to the payment reporting requirements described in Federal Acquisition Regulation (FAR) 4.904, the failure or refusal by the offeror to furnish the information may result in a 31 percent reduction of payments otherwise due under the contract.

(c) The TIN may be used by the Government to collect and report on any delinquent amounts arising out of the offeror's relationship with the Government (31 U.S.C. 7701(c)(3)). If the resulting contract is subject to the payment reporting requirements described in FAR 4.904, the TIN provided hereunder may be matched with IRS records to verify the accuracy of the offeror's TIN.

## (d) Taxpayer Identification Number (TIN).

\_\_\_ TIN: \_\_\_\_\_

\_\_\_ TIN has been applied for.

\_\_\_ TIN is not required because:

\_\_\_ Offeror is a nonresident alien, foreign corporation, or foreign partnership that does not have income effectively connected with the conduct of a trade or business in the United States and does not have an office or place of business or a fiscal paying agent in the United States;

\_\_\_ Offeror is an agency or instrumentality of a foreign government;

\_\_\_ Offeror is an agency or instrumentality of the Federal Government.

## (e) Type of organization.

\_\_\_ Sole proprietorship;

\_\_\_ Partnership;

\_\_\_ Corporate entity (not tax-exempt);

\_\_\_ Corporate entity (tax-exempt);

- Government entity (Federal, State, or local);
- Foreign government;
- International organization per 26 CFR 1.6049-4;
- Other \_\_\_\_\_

(f) Common parent.

Offeror is not owned or controlled by a common parent as defined in paragraph (a) of this provision.

Name and TIN of common parent:

Name \_\_\_\_\_

TIN \_\_\_\_\_

(End of provision)

#### 52.219-1 SMALL BUSINESS PROGRAM REPRESENTATIONS (APR 2002)

(a)(1) The North American Industry Classification System (NAICS) code for this acquisition is 235940.

(2) The small business size standard is \$7 million.

(3) The small business size standard for a concern which submits an offer in its own name, other than on a construction or service contract, but which proposes to furnish a product which it did not itself manufacture, is 500 employees.

(b) Representations. (1) The offeror represents as part of its offer that it ( ) is, ( ) is not a small business concern.

(2) (Complete only if the offeror represented itself as a small business concern in paragraph (b)(1) of this provision.) The offeror represents, for general statistical purposes, that it ( ) is, ( ) is not a small disadvantaged business concern as defined in 13 CFR 124.1002.

(3) (Complete only if the offeror represented itself as a small business concern in paragraph (b)(1) of this provision.) The offeror represents as part of its offer that it ( ) is, ( ) is not a women-owned small business concern.

(4) (Complete only if the offeror represented itself as a small business concern in paragraph (b)(1) of this provision.) The offeror represents as part of its offer that it ( ) is, ( ) is not a veteran-owned small business concern.

(5) (Complete only if the offeror represented itself as a veteran-owned small business concern in paragraph (b)(4) of this provision.) The offeror represents as part of its offer that it ( ) is, ( ) is not a service-disabled veteran-owned small business concern.

(6) (Complete only if the offeror represented itself as a small business concern in paragraph (b)(1) of this provision.) The offeror represents, as part of its offer, that--

(i) It ( ) is, ( ) is not a HUBZone small business concern listed, on the date of this representation, on the List of Qualified HUBZone Small Business Concerns maintained by the Small Business Administration, and no material change in ownership and control, principal office, or HUBZone employee percentage has occurred since it was certified by the Small Business Administration in accordance with 13 CFR part 126; and

(ii) It ( ) is, ( ) is not a joint venture that complies with the requirements of 13 CFR part 126, and the representation in paragraph (b)(6)(i) of this provision is accurate for the HUBZone small business concern or concerns that are participating in the joint venture. (The offeror shall enter the name or names of the HUBZone small business concern or concerns that are participating in the joint venture: \_\_\_\_\_.) Each HUBZone small business concern participating in the joint venture shall submit a separate signed copy of the HUBZone representation.

(c) Definitions. As used in this provision--

Service-disabled veteran-owned small business concern--

(1) Means a small business concern--

(i) Not less than 51 percent of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and

(ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.

(2) Service-disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

"Small business concern," means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR Part 121 and the size standard in paragraph (a) of this provision.

Veteran-owned small business concern means a small business concern--

(1) Not less than 51 percent of which is owned by one or more veterans (as defined at 38 U.S.C. 101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and

(2) The management and daily business operations of which are controlled by one or more veterans.

"Women-owned small business concern," means a small business concern --

(1) That is at least 51 percent owned by one or more women; or in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and

(2) Whose management and daily business operations are controlled by one or more women.

(d) Notice.

(1) If this solicitation is for supplies and has been set aside, in whole or in part, for small business concerns, then the clause in this solicitation providing notice of the set-aside contains restrictions on the source of the end items to be furnished.

(2) Under 15 U.S.C. 645(d), any person who misrepresents a firm's status as a small, HUBZone small, small disadvantaged, or women-owned small business concern in order to obtain a contract to be awarded under the preference programs established pursuant to section 8(a), 8(d), 9, or 15 of the Small Business Act or any other provision of Federal law that specifically references section 8(d) for a definition of program eligibility, shall--

(i) Be punished by imposition of fine, imprisonment, or both;

(ii) Be subject to administrative remedies, including suspension and debarment; and

(iii) Be ineligible for participation in programs conducted under the authority of the Act.

(End of provision)

52.219-19 SMALL BUSINESS CONCERN REPRESENTATION FOR THE SMALL BUSINESS COMPETITIVENESS DEMONSTRATION PROGRAM (OCT 2000)

(a) Definition.

"Emerging small business" as used in this solicitation, means a small business concern whose size is no greater than 50 percent of the numerical size standard applicable to the North American Industry Classification System (NAICS) code assigned to a contracting opportunity.

(b) [Complete only if the Offeror has represented itself under the provision at 52.219-1 as a small business concern under the size standards of this solicitation.] The Offeror [ ] is, [ ] is not an emerging small business.

(c) (Complete only if the Offeror is a small business or an emerging small business, indicating its size range.)

Offeror's number of employees for the past 12 months (check this column if size standard stated in solicitation is expressed in terms of number of employees) or Offeror's average annual gross revenue for the last 3 fiscal years (check this column if size standard stated in solicitation is expressed in terms of annual receipts). (Check one of the following.)

No. of Employees Avg. Annual Gross Revenues

- \_\_\_ 50 or fewer \_\_\_ \$1 million or less
- \_\_\_ 51 - 100 \_\_\_ \$1,000,001 - \$2 million
- \_\_\_ 101 - 250 \_\_\_ \$2,000,001 - \$3.5 million
- \_\_\_ 251 - 500 \_\_\_ \$3,500,001 - \$5 million
- \_\_\_ 501 - 750 \_\_\_ \$5,000,001 - \$10 million
- \_\_\_ 751 - 1,000 \_\_\_ \$10,000,001 - \$17 million
- \_\_\_ Over 1,000 \_\_\_ Over \$17 million

(End of provision)

52.219-21 SMALL BUSINESS SIZE REPRESENTATION FOR TARGETED INDUSTRY CATEGORIES UNDER THE SMALL BUSINESS COMPETITIVENESS DEMONSTRATION PROGRAM (MAY 1999)

(Complete only if the Offeror has represented itself under the provision at 52.219-1 as a small business concern under the size standards of this solicitation.)

Offeror's number of employees for the past 12 months (check this column if size standard stated in solicitation is expressed in terms of number of employees) or Offeror's average annual gross revenue for the last 3 fiscal years (check this column if size standard stated in solicitation is expressed in terms of annual receipts). (Check one of the following.)

No. of Employees Avg. Annual Gross Revenues

50 or fewer     \$1 million or less  
 51 - 100         \$1,000,001 - \$2 million  
 101 - 250         \$2,000,001 - \$3.5 million  
 251 - 500         \$3,500,001 - \$5 million  
 501 - 750         \$5,000,001 - \$10 million  
 751 - 1,000     \$10,000,001 - \$17 million  
 17 million

(End of provision)

#### 52.222-22    PREVIOUS CONTRACTS AND COMPLIANCE REPORTS (FEB 1999)

The offeror represents that --

(a)  It has,  has not participated in a previous contract or subcontract subject to the Equal Opportunity clause of this solicitation;

(b)  It has,  has not, filed all required compliance reports; and

(c) Representations indicating submission of required compliance reports, signed by proposed subcontractors, will be obtained before subcontract awards.

(End of provision)

#### 52.222-25    AFFIRMATIVE ACTION COMPLIANCE (APR 1984)

The offeror represents that

(a)  it has developed and has on file,  has not developed and does not have on file, at each establishment, affirmative action programs required by the rules and regulations of the Secretary of Labor (41 CFR 60-1 and 60-2), or

(b)  has not previously had contracts subject to the written affirmative action programs requirement of the rules and regulations of the Secretary of Labor.

(End of provision)

#### 52.236-28    PREPARATION OF PROPOSALS--CONSTRUCTION (OCT 1997)

(a) Proposals must be (1) submitted on the forms furnished by the Government or on copies of those forms, and (2) manually signed. The person signing a proposal must initial each erasure or change appearing on any proposal form.

(b) The proposal form may require offerors to submit proposed prices for one or more items on various bases, including--

(1) Lump sum price;

(2) Alternate prices;

(3) Units of construction; or

(4) Any combination of paragraphs (b)(1) through (b)(3) of this provision.

(c) If the solicitation requires submission of a proposal on all items, failure to do so may result in the proposal being rejected without further consideration. If a proposal on all items is not required, offerors should insert the words “no proposal” in the space provided for any item on which no price is submitted.

(d) Alternate proposals will not be considered unless this solicitation authorizes their submission.

(End of provision)

POWER EQUIPMENT OPERATORS

GROUP 1	21.35	12.23
GROUP 2	21.00	12.23
GROUP 3	20.80	12.23
GROUP 4	17.15	12.23

## POWER EQUIPMENT OPERATORS CLASSIFICATIONS

GROUP 1: Asphalt finishing machine & trench widening spreader, asphalt plant console operator; autograder; automatic slipform paver; back hoe; blade operator - all types; boat operator tow; boiler two; central mix concrete plant operator; clam shell operator; concrete mixer paver; crane operator; derrick or derrick trucks; ditching machine; dozer operator; dragline operator; dredge booster pump; dredge engineman; dredge operator; drill cat with compressor mounted on cat; drilling or boring machine rotary self-propelled; highloader; hoisting engine 2 active drums; launchhammer wheel; locomotive operator standrad guage; mechanics and welders; mucking machine; piledriver operator; pitman crane operator; push cat operator; quad-trac; scoop operator; sideboom cats; skimmer scoop operator; trenching machine operator; truck crane, shovel operator.

GROUP 2: A-Frame; asphalt hot-mix silo; asphalt roller operator asphalt plant fireman (drum or boiler); asphalt plant man; asphalt plant mixer operator; backfiller operator; barber-greene loader; boat operator (bridge & dams); chip spreader; concrete mixer operator skip loader; concrete plant operator; concrete pump operator; dredge oiler; elevating graded operator; fork lift; grease fleet; hoisting engine one; locomotive operator narrow guage; multiple compactor; pavement breaker; powerbroom

self-propelled; power shield; rooter; slip-form finishing machine; stumpcutter machine; side discharge concrete spreader; throttleman; tractor operator (over 50 hp); winch truck; asphalt roller operator; crusher operator.

GROUP 3: Spreader box operator, self-propelled not asphalt; tractor operator (50 h.p. or less); boilers one; chip spreader (front man); churn drill operator; compressor over 105 CFM 2-3 pumps 4" & over; 2-3 light plant 7.5 KWA or any combination thereof; clef plane operator; compressor maintenance operator 2 or 3; concrete saw operator (self-propelled); curb finishing mancine; distributor operator; finishing machine operator; flex plane operator; float operator; form grader operator; pugmill operator; riller operator other than high type asphalt; screening & washing plant operator; siphons & jets; subgrading machine operator; tank car heater (combination boiler & booster); ulmac, ulric or similar spreader; vibrating machine operator; hydrobroom.

GROUP 4: Oiler; grout machine; oiler driver; compressor over 105 CFM one; conveyor operator one; maintenance operator; pump 4" & over one.

## FOOTNOTE:

HOURLY PREMIUMS

Backhoe hydraulic, 2 cu. yds. or under without oiler - \$2.00  
 Certified Crane Operator - \$1.50; Certified Hazardous Material  
 Operator \$1.50; Crane, climbing (such as Linden) - \$0.50;  
 Crane, pile driving and extracting - \$0.50; Crane, with boom  
 (including jib) over 100' from pin to pin add \$0.01 per foot  
 to maximum of \$4.00; Crane, using rock socket tool - \$0.50;  
 Derrick, diesel, gas or electric, hoisting material and  
 erecting steel (150' or more above the ground) - \$0.50;  
 Dragline, 7 cu. yds, and over - \$0.50; Hoist, three or more  
 drums in use - \$0.50; Scoop, Tandem - \$0.50; Shovel, power -  
 7 cu. yds. or more - \$0.50; Tractor, tandem crawler - \$0.50;  
 Tunnel, man assigned to work in tunnel or tunnel shaft -  
 \$0.50; Wrecking, when machine is working on second floor or  
 higher - \$0.50;

GROUP 2	24.92	12.24
GROUP 3	23.02	12.24
GROUP 4	20.02	12.24
GROUP 5	19.56	12.24

POWER EQUIPMENT OPERATORS CLASSIFICATIONS

GROUP 1: Backhoe, cable or hydraulic; cableway; crane,  
 crawler or truck; crane, hydraulic-truck or cruiser  
 mounted 16 tons & over; crane locomotive; derrick,  
 steam; derrick car & derrick boat; dragline; dredge;  
 gradall, crawler or tire mounted; locomotive, gas,  
 steam & other powers; pile driver, land or floating;  
 scoop, skimmer; shovel, power (steam, gas, electric,  
 or other powers); switch boat; whirley.

GROUP 2: Air tugger w/air compressor; anchor-placing  
 barge; asphalt spreader; atthey force feeder loader (self-  
 propelled); backfilling machine; backhoe-loader; boat  
 operator-push boat or tow boat (job site); boiler,  
 high pressure breaking in period; boom truck, placing  
 or erecting; boring machine, footing foundation; bull-  
 float; cherry picker; combination concrete hoist &  
 mixer (such as mixer mobile); compressor (when operator  
 runs throttle); concrete breaker (truck or tractor  
 mounted); concrete pump, such as pump-crete machine;  
 concrete saw (self-propelled), concrete spreader;  
 conveyor, large (not self-propelled), hoisting or  
 moving brick and concrete into, or into and on floor  
 level, one or both; crane, hydraulic-rough terrain,  
 self-propelled; crane hydraulic-truck or cruiser  
 mounted-under 16 tons; drilling machines, self-powered  
 use for earth or rock drilling or boring (wagon drills  
 and any hand drills obtaining power from other sources

including concrete breakers, jackhammers and barco equipment-no engineer required); elevating grader; engineman, dredge; excavator or powerbelt machine; finishing machine, self-propelled oscillating screed; forklift; grader, road with power blade; highlift; greaser; hoist, stack, hydro-hammer; loading machine (such as barber-greene); machanic, on job site; mixer, pipe wrapping machines; plant asphalt; plant, concrete producing or ready-mix job site; plant heating-job site; plant mixing-job site; plant power, generating-job site; pumps, two through six self-powered over 2"; pumps, electric submersible, two through six, over 4"; quad-track; roller, asphalt, top or sub-grade; scoop, tractor drawn; spreader box; sub-grader; tie tamper; tractor-crawler, or wheel type with or without power unit, power take-offs and attachments regardless of size; trenching machine; tunnel boring machine; vibrating machine automatic, automatic propelled; welding machines (gasoline or diesel) two through six; well drilling machine

GROUP 3: Conveyor, large (not self-propelled); conveyor, large (not self-propelled) moving brick and concrete (distributing) on floor level; mixer two or more mixers of one bag capacity or less; air tugger w/plant air; boiler, for power or heating on construction projects; boiler, temporary; compressor (mounted on truck; curb finishing machine; ditch paving machine; elevator; endless chain hoist; form grader; hoist, one drum regardless of size; lad-a-vator; manlift; mixer, asphalt,

over 8 cu. ft. capacity, without side loader, 2 bag capacity or more; mixer, with side loader, regardless of size; pug mill operator; pump, sump-self-powered, automatic controlled over 2" during use in connection with construction work; sweeper, street; welding machine, one over 400 amp.; winch operating from truck; scissor lift (used for hoisting); tractor, small wheel type 50 h.p. & under with grader blade & similar equipment

GROUP 4: Boat operator-outboard motor (job site); conveyor (such as con-vay-it) regardless of how used; sweeper, floor

GROUP 5: Oiler on dredge and on truck crane.

HOURLY PREMIUMS:

Backhoe, hydraulic	
2 cu. yds. or under without oiler	\$2.00

-----  
WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.  
=====

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29 CFR 5.5(a)(1)(v)).

-----  
In the listing above, the "SU" designation means that rates listed under that identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination

- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the

Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U. S. Department of Labor  
200 Constitution Avenue, N. W.  
Washington, D. C. 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N. W.  
Washington, D. C. 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U. S. Department of Labor  
200 Constitution Avenue, N. W.  
Washington, D. C. 20210

4.) All decisions by the Administrative Review Board are final.

END OF GENERAL DECISION
